To access the Course Proposal:

Click on **Instructor Center** in the tabs along the top of the screen. (Contact the PL Team if you do not have the **Instructor Center** tab.) On the **Course Approval Home** page, click the **Propose Course** drop-down icon (☺) located on the right-hand side of the page, and then click on **New Instructor Led Course**.

Please Note: The completed proposal must be submitted at least **three weeks prior to the start date**.

The Course Proposal page will timeout in approximately 60 minutes. Here are some suggestions so you don't lose your work:

- Since this is a web-based proposal, type and save your course information in a Word document and copy/paste into the appropriate fields. (Worksheet available.)
- **OR...**On the Course Proposal, the required fields are identified by an asterisk (*). Each required field must contain a value before the form can be saved. If you need to save an incomplete form, type any letter into each required field, save the form, then return to enter complete information at a later time.
- **OR...**Enter content in the required fields first, save the form, then continue filling out the optional fields. To save your work while completing the form, click **Save Draft** at the bottom of the page.
 - To access your course saved as a **Draft**, click on **Instructor Center** tab and then click **Course Projects**.
 - From the **Actions** dropdown menu, click on **Edit Course**
 - On the next page you will need to again click on **Edit Course**
 - On the dropdown beside **Manage Instructor Led Course**, click on **Edit**

Course #:

Your course number is automatically generated when you click **Save Draft** or **Create Instructor Led Course**. You will be able to search for your course using the assigned **Course #** in your Instructor Center and on the Course Catalog.

*** Title:**

Enter a clear, descriptive, and distinct name for the course. Enter the two-letter code for courses being offered through Heartland AEA, "HL - ", before your title. **Example:** HL - Title of Your Course

If your course is a Heartland AEA TQ course, please enter TQ: after the two-letter code.

Example: HL - TQ: Title of Your Course

***Course Contact Info:**

Enter your name, phone number, and email address so the PL Team will be able to contact you. (This information is not published on the Course Catalog.)

Account Number (Business Office Use Only):

Leave this field blank and the PL Team will enter the account number for your course.

Exception: If there is a special account number that should be used for the registration fees, please type it in.

***Published Description of Activity:**

Please be clear as to what this activity involves, including the content, purpose and/or focus. This description promotes your activity as well as giving interested participants a snapshot of what to expect. What are the instructional practices and strategies that participants will learn? What are the potential results for student learning?

All activities will appear on the Catalog unless restrictions are set by the PL Team. If your course is restricted to a specific district or audience (see Open/Closed Audience below), please indicate the name of the district or audience in the first line of the description. (Examples: *This course is restricted to Johnston School District staff. This course is for Heartland AEA staff only.*)

Prerequisites:

List if there are any specific course(s) or requirements participants must have completed or met prior to taking this course.

***AEA:** Click **Heartland** on the dropdown.

***Credit Type Instructions:**

If you are offering a credit-bearing course, please check the appropriate boxes for Licensure Renewal and/or college partner credits and Participant Only. You do not need to fill out the cost. The cost will be added by the PL Team. Reminder: 1 credit = 15 instructor-led hours (minimum). If you offer a course for graduate credit, you must include 30 hours of outside work per credit. The outside hours do not get added to the Instructor Led Hours in this section. If you are offering a non-credit workshop or meeting, choose Participant Only and enter the number of contact hours. Please use decimals in all numbers.

Example:

	<u>Credits</u>	<u>Instructor Led Hours</u>	<u>Cost</u>
<input type="checkbox"/> Licensure Renewal	1.0	15.0	
<input type="checkbox"/> Drake	1.0	15.0	
<input type="checkbox"/> Grand View University	1.0	15.0	
<input type="checkbox"/> Morningside	1.0	15.0	
<input type="checkbox"/> Participant Only		15.0	

Instructions for Learning Design and Credit Hours Calculation

(If not for credit, leave all fields blank in this section.)

This is the section where you enter how the participants will achieve the stated outcomes and objectives. It should include a detailed outline of the professional learning opportunity and should include theory, demonstration and practice as appropriate.

- Enter the Number of Credits (example: 1.0 - use decimals) and click on **License Renewal** and, if applicable, **Graduate**.
- Courses that offer Licensure Renewal Credit or Graduate Credit must describe activities that add up to the full number of hours in the course in order to be approved. This includes 30 hours of outside work per credit for graduate credit only.
- To enter your activities, click on **+Activity** above the chart.
- You are limited to 300 characters including spaces for each activity. Because of the layout of the Activity field, **it is highly recommended that you type your Activity information in a Word document and copy/paste into the appropriate fields.** ("Word Count..." is located under **Tools** in Microsoft Word.)
- In the **In Class Hours** and **Out of Class Hours** fields, use decimals (examples: 0.5,1.5).

Attendance Policy:

All students must attend all class sessions and activities to receive credit for the class.

*Format:

Face-to-Face: The learning is led face-to-face (including via Zoom) with an instructor, occurring over a semester, school-year, or a designated time period. A designated instructor(s) builds, leads and/or supports the course instruction.

Online: The learning is done entirely through an online format and *should be proposed through AEA Learning Online*, not Heartland AEA.

Hybrid/Blended: The learning is done through a combination of face-to-face instruction and instructor-led facilitation online. Participants learn at least in part through online delivery of content and instruction with some element of control over time, place, path, and/or pace, and, at least in part, at a supervised designated location.

***Type:**

Course: This is a structured learning opportunity that has an instructor/presenter and meets the requirements for credit.

Learning Team: This learning opportunity is tailored to meet district and/or content specific audience's needs and meets the requirements for credit. The learning team concept presents a way for educators to work in cooperative groups to identify issues and goals, research professional literature, implement new learning, share experiences and ideas, and problem-solve real situations.

Meeting: Gathering or coming together of stakeholders from different areas to improve knowledge. This could be a couple of hours or half day. Credit is not available for meetings.

Workshop: A learning opportunity that does not meet the requirements for credit.

***Open/Closed Audience:**

Open Audience: Select if your course is available to anyone to register.

Closed Audience: Select if your course is available only for a specific district or audience. All courses will appear on the Catalog unless restrictions are set by the PL Team. If your course is restricted to a specific district or audience, please indicate the name of the district or audience in the first line of the description. (Examples: *This course is restricted to Johnston School District staff. This course is for Heartland AEA staff only.*)

***Requires Secondary Registration:**

Select "Yes" if there is a two-part registration: pre-registration is through another entity and registration for credit only is through Heartland AEA. Please include pre-registration information in the course description (i.e. entity the initial registration is through, website/link to access the registration, registration fee, where to direct questions including contact name, phone number and/or email).

***Outcomes/Objectives:**

When writing learning goals or objectives, please keep in mind that these are things you want participants of the activity **to know** or **be able to do** upon completion of the activity. These objectives should be tied to the syllabus and evaluation of the course.

The learning goals or objectives should **NOT** include **what** they will be doing to be evaluated in the course.

FYI – Just because there are five lines, you don't necessarily need five objectives. A good rule of thumb is that you probably won't have more than two objectives for a one credit class. Again – keep in mind, you **MUST** have areas in your syllabus to cover your objectives and you **MUST** have evaluation in place to evaluate the mastery of the objectives.

***Course Requirements/Assignments:**

Identify products to be produced for this course. Examples might include reflections, implementation logs, student data analysis, student work samples, collaborative team minutes, lesson plans, peer observation notes, readings, etc. Please include time reference when these are due. (See sample Requirements/Assignments in the Course Proposal.)

For courses offering graduate credit, the instructor can decide if the 30 hours per credit of outside work is required for everyone taking the class or just for those taking the class for graduate credit. Some instructors may say that is the homework for the class and is required of everyone, while others might say it's okay for just those taking the class for graduate credit to do the outside work. In this section, you should be clear as to whether the assignments are the same for everyone or different. License Renewal and Participant Only participants must do the same work. If every participant, regardless of credit type, will be required to complete the outside work, please add "(Graduate Level)" behind your course title. If only the graduate credit registrants will be required to complete the outside work, please add "(Graduate Credit Optional)" behind your course title.

***Grading Criteria:**

Identify the means by which the instructor and participants will know that the course outcomes have been met. How will the course products be analyzed? Who will validate that course requirements have been met? If the course is offered for graduate credit, please be clear as to the grading criteria for both license renewal/participant only and graduate credit. A rubric with a corresponding grading scale is required for graduate credit. Rubrics are optional for license renewal courses, so you may choose to outline the pass/fail grading criteria in the text field instead.

There are two rubric templates available on the course proposal; one is for graduate credit courses and the other for renewal credit. The templates are samples for you to use or create your own, based on the layout.

The License Renewal program at Heartland AEA operates on a pass-fail basis. A passing grade would be the equivalent of an "A" or "B" grade in a graduate course. If the course carries graduate credit, a letter grade of A, B, C, D or F must be assessed for the graduate credit registrants.

Attach Rubric:

A rubric is required for graduate courses and optional for license renewal credit. The size of the file should not exceed 20.0 MB.

***Materials:**

If a book or published materials are required, please provide the name of the book/material, author(s), publisher and date, ISBN, and contact information for supplier. Please indicate whether the cost for the book should be included in the registration fee, or if the participants are required to purchase on their own.

***Research Base:**

Please describe the scientific research base that supports the instructional strategies being learned in the course. Reference the Iowa Content networks and/or other research sources using a bibliography format. (See sample Research Base in the Course Proposal.)

Please continue to the next page for directions to add a section. All proposals must contain a section before they can be submitted for approval.

Add a Section

Every instructor-led course is required to have at least one section before you can submit the course for approval. (Participants enroll in a section.)

Once you have clicked **Create Instructor Led Course**, scroll down to **Sections** and click on **New Section**.

Note: A section cannot be added to a course saved as a draft. If your course is in draft form, follow the steps from the sub bullet points on page 1 then click **Save Changes** at the bottom of the screen. This will take it out of draft form.

Complete the form, noting that required fields are identified with an asterisk (*).

Section #:

Your section number is automatically generated when you click **Create**. You will be able to search for your course using the assigned **Section #** in your Instructor Center and on the Course Catalog.

*Section Title:

This information shows on the Catalog as well as on the email the participant receives after registering. (Limited to 1024 characters)

Internal Notes:

Enter information here you would like to convey to the PL Team that will not be published on the catalog. (Limited to 4000 characters) (This field is also used by the PL Team to enter notes.)

File Attachments

The size of the file should not exceed 20.0 MB. The attachment will be available on the Catalog for the participant to download.

Once the form is complete, click **Create** to create the new section.

Manage Instructors: (Instructors)

This role is responsible for facilitating a section within the system. (This may or may not be the person actually teaching the section.) Functions include managing the roster, taking attendance, issuing credit, and managing communications. The PL Team will be able to manage this section.

Assign Course Instructor(s) following these steps:

1. Click **Instructors**
2. Search for the user by first or last name, then click **Find User**.
3. Select the checkbox for the desired user, then click **Add User(s)**.
4. Selected users will be listed.
 - To remove multiple users at once, select the checkboxes next to their names, then click **Remove Selected**.
 - To remove a specific user, click the applicable trash can icon.
5. When finished managing **Instructors**, click **Done**.

The **Instructor's name** and **email address** appear on the Catalog. (This is the same email address that the instructor uses to log into the AEA Learning System.)

Manage Class Times: (Class Times)

Set the specific meeting days and times for your section.

1. Click **Class Times**.
2. Click **Add New Day**.
3. The date and times will default to the Start Date, Start Time and End Time you entered on the section form. Adjust as needed.
4. Continue to add days and adjust as necessary. **Only include dates and times you are actually meeting**.
5. The class schedule will be displayed.
 - To remove all class times at once, click **Remove All**.
 - To remove a specific class time, click **Remove**.
 - To save your class times and keep working, click **Save**.
6. When finished setting class times, click **Save & Exit**.

Manage Roster: (View Roster)

This function will be used once the course is active to manage the section roster. The button will be disabled until the course/section has been approved.

Manage Sections Fees: (Sections Fees)

Please contact the PL Team if you have additional fees above the cost of credit that need to be added.

Course: (Manage Course)

If you want to add another section, click **Manage Course** to return to the Manage Course screen. Repeat these steps until all sections have been added.

Manage Room Requests: (Manage Rooms)

We are not using this feature.

Contact the PL Team to make a room request. If you are a Heartland AEA employee, please use **Heartland AEA Event Scheduler System**.

Complete the Section

Once the form is complete, click **Done**.

Submit for Review

To submit your course for Review:

1. When satisfied with all information for your course, click **Submit for Review**.
2. Click **OK** when the pop-up appears.
3. Click **OK** again to close the confirmation.

Your course will no longer appear in **Course Projects**; it will now appear in **Submitted Courses**. The course cannot be edited while in review; you can only view or copy it.

After your course has been reviewed, you will receive an email indicating whether your course has been approved or denied (returned for additional information or revision).

Denied Course:

If your course has been returned for additional information or revision, you will find your course by selecting your **Instructor Center** tab and then go to **Denied Courses**. The notes will indicate the specific information that needs to be revised before the course is resubmitted for approval. Contact the PL Team if you have questions.

Approved Course:

After your course is approved, you will find your course by selecting your **Instructor Center** tab and then go to **Approved Courses**. You will also be able to access the courses you are teaching under the **Courses I'm Teaching** channel on your **Home** tab.

Adding a New Section to an Approved Course

Click on **Instructor Center** in the tabs along the top of the screen

Click on **Approved Courses** on the left

Click on the arrow to the left of the course title

Choose **Manage Course** (you won't be able to make any changes to the course information)

Scroll to the bottom

Click on **New Section** over to the right

Complete the information (following the directions on pages 8-11 above)

Click on **Request Approval** to submit it
