Series 600

Policy Title: Library Services Code No. 603

Policy Statement

The board recognizes that one responsibility of Heartland AEA is to provide media services for public school districts and accredited non-public schools within its boundaries.

Scope of Policy

To meet this responsibility, Heartland AEA provides access to a variety of print, non-print, and digital resources for accredited preK-12 students and educators that reflect a broad range of topics to support desired student outcomes and educator professional learning. These resources are not meant to supplant any district or school library collections. Physical library materials are listed in an online catalog available at the Heartland AEA website.

Accountability Overview

It is the responsibility of the chief administrator to assure procedures are in place for the selection and replacement of library and instructional materials, for the acceptance of gifts, for the weeding of library and instructional materials, and for the handling of challenges to library or instructional materials provided by Heartland AEA.
